

# WEDDINGS

by Alicia Jo Photo

Every wedding is a unique story.

This is the most important thing I've come to learn in my 15 years of capturing a glimpse into someone's new life together. I believe every bride should have a new heirloom to share the story of their wedding day. This is why each package is set up with one book which is custom designed for your story.

No two album designs are alike. Your album will be custom designed by Alicia Jo to suit the story of your wedding. These albums accomodate both panoramic and two page layouts perfectly.

You know  
you're in love  
when you don't  
want to fall  
asleep  
because  
reality is  
finally better  
than your  
dreams.

-Dr. Seuss

All albums come with your choice of fabric or leather spine which also covers the back of the album

Each full-page spread is printed on satin paper and then mounted to thick cardstock to lay flat.

You can choose from a selection of fabric or leather covers for the back of your album.

We have Linens, Silks, Cloths, Vegan Leathers, and Chromes in a huge selection of colors.

Your book will be custom designed and printed on a thinner paper than an album would be.

The pages are Press Lustre, mimicking the texture of photographic Fuji Luster paper, the Luster paper is a 70# cover weight paper offering a unique look with crisp image reproduction and vivid colors.

Book's have a small gutter as shown in the photo to the right.
