Love Story Pricing Guide

Hello Friend

I am overjoyed that you are here and ready to make one of the most important investments for your wedding day. Each love story is beautifully unique and I want your photos to reflect that. I want to capture photos that remind you of why you fell in love in the first place and to document all the big and small moments of your special day that you can cherish for a lifetime.

For all my blushing brides, the Alexis Dooley bridal experience is designed to provide you with peace of mind that your love will be captured in full from your engagement session to all the special moments on your wedding day. I will provide an experience for you that is authentic, fun, and comfortable! An experience that captures YOU as a couple and tells your story.

Meet Alexis

Hey there, I'm Alexis! A worldwide wedding and elopement photographer with my roots planted in the countryside of Delano, Minnesota. I'm a wife, a mom, an identical twin, a cheerleader to my amazing clients, and a lover of chocolate and lots and lots of carbs! When I'm not behind my camera, you can find me out in our vineyard, picking grapes or helping my husband produce wine for our side hustle Fountain Hill Winery & Vineyard!

With me, you won't just get beautiful, timeless photos. You'll get adventure, crazy fun times, and a new friend! Because I believe in chasing those crazy, seemingly impossible dreams, exploring until you get lost, and finding adventures in the little things, even new friendships.

What to Expect

CANDID MOMENTS

I want to capture you as you are. Your love in it's fullest form - with genuine moments and emotions. No artificial poses that may look pretty but mean nothing. I want to give you photos that you can look back at 50 years from now that make you FEEL what you're feeling right now in this exciting time in your lives.

TIMELESS PHOTOS

My editing style is intentional. My goal is to give you photos that will be relevant 50 years from now - not edited with "what's trendy right now". My focus is to create artistically beautiful photos that will always be beautiful.

FRIENDSHIP

Professional third wheel and your biggest cheerleader are my other job titles on your wedding day! I want to know you - and know what's important to you on your big day. This helps me customize your gallery to exactly what you want - because I know exactly what I need to be capturing.

WHY ARE THEY IMPORTANT

Engagement Sessions

Practice makes perfect, right? No, but really! Consider this our wedding day trial together. You're going to be kissing, spinning, and loving on each other during your shoot. It's fun to get warmed up before your wedding day! You want to be comfortable in front of the camera, and your engagement shoot is the perfect opportunity to do that! MORE IMPORTANTLY, you can use your photos for things like Save the Date cards, wedding decorations, wedding guest books, and more!

Wedding packages include complimentary engagement session

"I don't even know where to begin... I couldn't have asked for a more patient, fun, creative and professional photographer! Alexis exceeded our expectations and captured breath taking pictures we'll cherish forever." - Leglers

A man and a woman are walking together in a desert landscape. The man is on the left, wearing a light-colored t-shirt and dark jeans, smiling. The woman is on the right, wearing a long, dark, patterned dress, also smiling. They are holding hands. The background features several tall saguaro cacti and dry, scrubby vegetation under a warm, golden light, suggesting a sunset or sunrise.
