

## **What's different about DJ KLM?**

We believe that your Wedding Day is one of the most important days of your life, and we treat it that way!

Bringing years of Wedding DJ / MC experience to your wedding, DJ KLM comes in casual business attire, always prepared with an uncanny ability to read crowds, and to present the Bride and Groom's specific music selections as well as music spanning many decades and genres. Requests 'on the fly'? He does it. Having a positive attitude always, DJ KLM works perfectly with your Wedding Planner / Floor Coordinator to ensure a Wedding Ceremony full of beauty and a Reception filled with fun for all.

Rarely does ANY DJ anywhere at ANY price come with such astounding equipment as BOSE L1 Model II's, known as one of the most beautiful Wedding DJ speakers anywhere, not to mention one of the best sounding. Up to twenty two (22) uplights transform bland rooms to luscious. Then there's that (up to) 12 foot tower with laser, derby, wash and UV wash for dancing. Your DJ stands behind a par lit facade, a digital disco ball sits atop a par lit aluminum truss, and most importantly, what you don't see is the strategically built-in equipment redundancy if any problem is incurred. Each speaker column is in itself a complete stereo system, and the computers are precise copies of each other and always on! All it takes with most other companies is a single bad cord, speaker, amp, computer, controller or internet connection to totally ruin such an important event.

DJ KLM performs weddings every year where other companies and DJ's with prepayment still cancel on their customers! Not only have we had 100% participation since day one, we cover for the other guys... and we have NEVER taken prepayment! Now THAT'S being mindful of the client.

DJ KLM has with the help of many of his customers 'rethought' and improved upon the typical Wedding DJ experience. Almost every customer says something like, "Wow! You're AWESOME!" at the end of the reception. It's music to our ears!
