Where to begin...

One of our best attributes here at GEG is that we start everyone at the same place. Once you sign on you have access to everything we have to offer and nothing is restricted or off limits to you. Everyone receives a full Binder & Start Up Kit, Enrolls in our Project Block Training ECourse and joins the Team Wedding Opportunity Program, no matter the size of your wedding, you get *all* our bells and whistles!

Our **Start Up Package** is truly the best place to begin your planning and if you find you need more assistance you can always book an Add-On... Or, your service plan will naturally Add-on to itself... As we track every minute we spend with you. If you need more of our time, we track it and the best part... if you need *less* of our time, we track it too... and you get a refund!

Read all about Time Tracking, and What to Expect from GEG [HERE](#), as well as, [What makes GEG Different](#) and [What we bring with us on your Wedding Day](#).

At your Initial Consultation Kandice will walk you through each service, how it is broken down into your service plan and how it can be adjusted by time to either equal more or less GEG involvement.
