

Hi there! Thank you for choosing me to photograph your wedding! I can't wait to create everlasting memories for you and your soon-to-be husband (doesn't that word sound exciting)! Wedding packages can vary person-to-person because this is your wedding and I want it tailored specifically for you and your needs! I have listed below examples of packages, but please give me your feedback on things you may want to change (if any).

The professionally edited images are sent to you two ways! I will send you a Dropbox of all the images to your phone for social media/sharing (with my watermark) and I will upload all the images to my website where you can download them straight to your computer (like having a CD) without my watermark. You also have the option to buy prints, canvases, etc. on my website if you choose to do so!
