Custom Wedding Stationery,  
Gifts, & Live Painting

For Creative Thinkers & Intentional Doers

## MEET REBECCA

Hi, I'm Rebecca, the gal behind Deeply Do! Creating my own wedding invitations ignited my current passion as I fell in love with both the artistry and experience of custom stationery. I graduated from design school and worked in the field for several years, but have also always been a dedicated artist and painter. This combination has given me an exceptional eye for beauty and visual risk taking that is perfectly balanced with my strong foundational understanding of design. Through Deeply Do I provide a hands on, tactile approach to making art that celebrates each client's unique story.

## DEEPLY DO MISSION

Deeply Do is all about bringing joy, beauty, and a special custom touch to each project. Clients can expect the upmost in professionalism and quality of design with each step of the process. My hope is to have each client walk away from their experience feeling like they have a product that is fully unique and reflective of who they are!
