

A woman with blonde hair pulled back, wearing a white lace wedding dress with a long train, is seated on a red upholstered chair. She is looking off to the side. The background features a fireplace with a stone surround and a wooden mantel. The room has wood-paneled walls and a patterned rug. A semi-transparent white banner is overlaid across the middle of the image, containing the text.

Meet Art and Katelin

Some fun facts about us

- We met while working at the hospital's surgical department together in 2014. Our first date consisted of endless conversations over indian food - one of our favorites!
- We love hiking, camping, traveling, and exploring new areas! Iceland is our favorite place to visit so far!
- We enjoy cooking - it's one of our favorite things to do together.
- Our favorite binge-worthy tv show is The Office. We find it incredibly funny!

Meet our daughter, Isabella

- Isabella was born in January, 2019.
- She is probably one of the coolest babies we have ever met! :)
- She's only a year old and already has so much personality! She has a good sense of humor and loves dogs! Who doesn't right? :)
- She loves leaves, rocks, and the outdoors! She would live outside if we'd let her.
- Most importantly, she's the light of our life! We can't imagine life without her.

Why we do it

- Photography has always been a love of ours. Before we met, Art was a wildlife and landscape photographer while Katelin was a portrait photographer.
- When we got married in 2016, we joined our businesses and pursued photographing weddings together.
- Our favorite thing about photographing weddings is telling love stories through our art. It's one of the most rewarding things we've had the pleasure of doing!!

How We Work

As a husband and wife team, our process has been fine tuned creating a seamless and fun experience during your portrait sessions and on the wedding day. With our diverse photography backgrounds, we have been able to learn from one another and grow our skillsets to create a one of a kind experience for our couples that is relaxed and enjoyable.

When a couple decides that they would like us to capture their big day, we do a little dance and celebrate! Woo hoo!! That's one more thing you get to check off of your to do list!!

In the time leading up to your wedding, we will set up a time to do your engagement session or bridal session and get to know you better as a couple!

We love to hear all about how you met, your first date, the moment you realized they were "the one," your engagement story... everything about your relationship together! The more we know about each other, the more comfortable you'll be which helps us create amazing images of you that show off your relationship and personalities!

By the time the wedding day rolls around, it will feel like we're friends with a camera rather than the team you hired to capture your day! We laugh together, cry together, and have a blast together all day! Art is the funny one making everyone laugh, while Katelin is the laid back one creating a fun, comfortable experience for everyone!

On the wedding day, Katelin will typically hang out with the girls capturing the bridal details, getting ready, and candid, while Art will be with the guys capturing candid, getting ready, and portraits. During this time, we will also capture the wedding decor details of the ceremony and reception sites.

Throughout the day, we utilize different lenses to capture a multitude of candid and moments to provide a large array of images. Katelin will typically utilize the wide angle lenses to capture the entire scene, while Art uses the telephoto lenses to capture the close ups and candid. You can find us dancing in the crowd to look inconspicuous while capturing fun moments and across the room waiting for uncontrollable laughter, tears of joy, and heartfelt moments creating images that will be treasured for a lifetime.

Testimonials

"If you are looking for high quality photography, look no further. This husband/wife team works together seamlessly, finding beauty in places the average people would never even consider looking. In turn, creating the most unique, gorgeous photos, that capture the very essence of you as a couple and your feelings on your special day. Not only are they incredibly professional, they are also extremely friendly and personable. This certainly helped to make us feel relaxed and lighthearted, which created amazing candid photos, along with more formal shots, that do not look stiff or staged. I would recommend K & A Moments Photography to any couple seeking to document their big day with breathtaking pictures!"

Blaine & Adam

"We worked with Katelin and Art for a little over a year as our photographers. The first meeting we had we knew we wanted them! They blew us away with our engagement photos, made me feel like an absolute princess for my bridal portraits, and brought happy tears to our eyes when we received all our pictures from the wedding. I can't thank them enough for everything they did! A little over a month after everything has been complete, I am looking through all our photos, from engagement to wedding, just amazed at how well they captured our love. We recommend K and A Moments completely, you will not be disappointed with these two!!"

Samantha & James

"Where do I begin?! This unique Husband and Wife duo are so phenomenal and extremely talented. When we were recommended to Katelin and Art, I knew I wanted someone who cherished my wedding day as much as I did and they did just that. They were able to capture everything that I wanted and then some. From the getting ready to the end of the night jams they never missed a picture! My husband and I did our engagement pictures with them as well and we were blown away with how they turned out!! They not only made us feel comfortable around them while taking pictures but they were also very talkative. Never a dull moment between these two :) Cannot wait to use them in the future for any thing! HIGHLY recommend them for any type of pictures you may need! Thank you both again for capturing our day!"

Michelle and Chris

Frequently Asked Questions

How many images will I receive?

We don't like to give a set number of images because we believe in capturing every moment rather than meeting a quota. We can assure you that every moment will be captured to its entirety.

Do you touch up all of the images I will receive?

Yes! We edit every image we provide to you. This includes color correction, basic skin retouching, exposure adjustment, selective black and white processing, clarity, tone mapping, and other corrections.

Do you deliver every image you shoot?

No we do not. We eliminate any duplicated images, missed focus shots, test shots, shots with bad expressions, and any other shot that may dilute the overall product quality. For example, because we shoot in low apertures, sometimes we'll take a few extra shots to ensure we have the perfect focus.

How many hours do you suggest for wedding day coverage?

We typically suggest a minimum of 8 hours of wedding day coverage. The wedding day goes by so fast and the last thing we want is for you to feel rushed through the events of the day and to be on a photography timeline. We have found that this amount of time is comfortable for all involved.

My venue is dark, how do you overcome these obstacles?

We have shot in the darkest of chapels and reception halls so no need to worry! We have an extensive set up of off camera lighting to help with these situations if allowed. Some chapels do not allow additional lighting and for that reason, we utilize cameras that are superb in low light performance and lenses with low apertures.

How would you describe your style?

We offer a more documentary and photojournalistic approach with the wedding day. We don't believe in setting up and redoing special moments that happen throughout the day. We capture the day as it unfolds and tell your story the way it happens. Of course, there are portraits that need to be taken the day of that we are skilled at capturing, but the bulk of our work is capturing every moment as it unfolds.
