how it all comes together

Once you have contacted us, we will setup your consultation. We can do this three ways: via e-mail, over the phone or in person. We prefer to meet you and your significant other in person! During your consultation we will discuss your coverage options and which length of time will fit your budget while still getting you all of the shots that you desire. Also we will go over any add-on you would like and any questions you may have.

Once we have it all narrowed down to your perfect photography package we will get it all down on paper, sign the contract and get the booking fee paid. Booking fees range in price from \$250-\$450 plus WI state sales tax. Then your wedding date is officially in our books!

We will keep in touch during your planning stages of your wedding and help out with timelines and any questions you may have that pop up. Remember you can never ask too many questions and we are always here to help!

engagement sessions

Engagement sessions are a great time for us to get to know each other. Not only do they help me get to know you, they help you get comfortable in front of our cameras. We love working with our clients to create stylized engagement sessions with unique settings and props. This one-on-one time is a relaxed, fun time and helps us get ready for your big day. We share some laughs, stories and help capture a special moment in your relationship before you take the walk down the aisle.

your magical day

It has finally arrived! We will arrive 10-15 min early and meet with you or your significant other before we begin capturing your magical day. We will go over your wedding shots list and important details before we do a quick walk-through of your venue.

Then we're off! It's time for us to start capturing the details of your wedding. From our start time to the time we finish, we strive to make sure that no detail goes missed. Before we make an exit, we will pull you and your significant other aside and discuss if there are any last-minute details that you would like for us to capture.

As we edit your photos, we will post teasers on our Facebook page. Once your photos are ready, we will upload them to an online gallery. You may share this with your family and friends as much as you'd like!

We strive for customer service perfection! Our goal is to make your wedding photography stressfree and more enjoyable.

packages + pricing

While we don't have cookie cutter packages, we offer our most popular combinations for your wedding day coverage if you are having a difficult time choosing. Otherwise, you choose what you want and create your own unique package that is just as unique as you and your wedding. And remember, you don't have to pay extra to get any digital images! All of your edited images from your wedding are yours to keep, no matter which coverage option you choose, with Chevron Sunshine you don't have to pay extra fees to get your images.

All weddings assume a set radius of the Eau Claire area and require a non-refundable booking fee to reserve the date. Please see the policies page on our website for more information. While we have expanded our radius that does not require a travel fee, please let us know if you are outside the Eau Claire area to verify if a travel fee would apply. All hours of coverage are considered continuous.

Your photos will be delivered in an online gallery that you can share with your family and friends!
