We are an interactive, high-energy comedy and music reception show with 2 international headline entertainers, beautiful matching polished ebony Baby Grand Pianos, a drummer with a full drum kit, and a 5,000 Watt sound system that will cover most spaces for up to 450 guests. Our clients are a select group that seek out the very best in high-end wedding party entertainment for their guests. We invite you to compare our videos, here:

We take care of everything from start to finish. The only thing we ask is that your guests are prepared to party! We bring request slips for your guests to fill out and we know thousands of songs right off the top of our heads. Request any music from the past 50 years, from Elvis and the Beatles, to Billy Joel, Neil Diamond, Elton John, Tom Petty, up to the present day including Bruno Mars, Taylor Swift and Blake Shelton.

Our pricing is based on both the length of your event (this is the amount of time we remain fully setup and looking sharp), and separately the length of our performance. Our standard quote is based on us remaining fully set for up to 4 hours from the published invite time (doors open time for guests to first enter space). If your event runs longer than 4 hours, or if there is another reason you'd like us to remain fully setup for longer than 4 hours, please see below to extend time.
