THIS IS THE BEST VALUE

the PROCESS

Depending on the package you choose, these processes may differ slightly.

01

It all starts with a discovery call

Message me to discuss your wedding day! We'll plan a call or meeting to see if we are a good match. Finalize your package, sign your contract and pay the deposit. Now you're officially booked! Let the planning begin!

02

Pinterest Board & Strategy Plan

We will put together a Pinterest board to collab on. This includes all the inspiration for your wedding photos and your vision so I can get to know you even better and create the best plan for your special day.

03

Engagement Session!

Now that you are booked, we can schedule your engagement session. We will build your confidence and comfort in front of my lens. I will guide you in poses, candids and documenting all your most beautiful moments together.

04

The big day has finally arrived

Don't worry about a thing. We have prepared so you can enjoy your wedding without worry. We are here to take the stress off your day. From keeping you on schedule with your carefully curated timeline to being ready for any scenarios that might arise.
