

Wedding Packages

Media Surge pledge to clients is that we will work around the clock to give you the best product at an affordable price with outstanding customer service. Our goal is to do everything in our power to deliver a cinematic and breath-taking product. At Media Surge, we value the relationships with our clients. We utilize the highest quality video equipment, technologies, and talent available. Everyone has a story and identity to convey and we will always take the time to make sure you are completely satisfied with your product.

At Media Surge we want to ensure we capture all the special moments of the day and for this reason all of our Wedding Packages include two videographers. With two videographers one videographer is able to capture the bridal party photo shoot while the other prepares for introductions/first dances and captures the guests at the cocktail party. It takes a “team” to provide our clients with high quality videos we are proud to deliver.
